SUPPLEMENT TO PETITION FOR RULE MAKING

KRBE LICO, Inc. ("KIKT"), licensee of Station KIKT(FM)¹, Greenville, Texas, by its counsel, hereby respectfully requests permission to Supplement the Petition for Rule Making filed on July 28, 1999. Upon review of the Petition, undersigned counsel discovered that the channel study was missing. The channel study is included in this Supplement and demonstrates that Channel 228C3 can be allotted to Cooper consistent with the Commission's spacing requirements. It is noted that the channel study shows that KIKT has filed an application to downgrade Channel 228C3 to Channel 228A at Greenville, Texas (BPH-990820ID). This filing is an interim measure pending the outcome of the instant rule making. If the pending application is granted, KIKT will downgrade to a Class A station. Should the instant rule making be subsequently granted to a Class C3 at Cooper, Texas, KIKT reaffirms its interest in applying for a new transmitter site and constructing the facility.

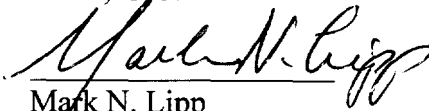

-
1. KRBE LICO, Inc. became the licensee of KIKT pursuant to Commission approval of its assignment application on September 2, 1999 after the filing of this Petition for Rule Making.

Acceptance of this Supplement at this time will not adversely impact any other pending proposal.

Respectfully submitted,

KRBE LICO, INC.
